

## **MOUNT KENYA ASCENT BATIAN PEAK, 5.199M**

### **Trekking and climb to Mount Kenya by the Standart route of Batian Peak of 5.199m.**

Mt Kenya is the highest mountain in Kenya and the second in Africa after Kilimanjaro. His three peaks are well differentiated. The summit of Batian of 5.199m, the Nelion of 5.188m are together in the same massif, and Lenana peak of 4.985m is slightly separated from the other two summits.

The ascent of Batian peak, it requires technical climbing for reach the summit with V grade difficulty. With this program you'll have three days in case of bad weather or need time for acclimatization, have margin to finally reach our goal!

We propose this trek in one of the most beautiful mountainous areas throughout Africa. Come with us and enjoy this journey of nine days.

# Itinerary

## **Day 1: Barcelona or Madrid – Nairobi.**
